

GRENDALL PARK COMMUNITY CENTRE INC.

Aug 21/03

To GAME TIME PLAYGROUND EQUIPMENT.

att Ken Krozier

The playground equipment & associated structures at our community park area on the west side of our facility have most certainly enhanced the park atmosphere at our center.

The installation of the structure by your company was top notch.

It has withstood 2+ years of Manitoba weather as well as a countless number of youth, who as we all know are a true test of longevity.

Bottom line - Kids + Playground Structures = "fun"
Thank again
